

Eastern Arizona Type II Incident Management Team

103 Fire

May 30, 2006 7:00 p.m.

Acres: 2,050 Containment: 90% Cause: Human, Under investigation
Personnel: 502 Fire Crews: 10 {7 Type 1, 3 Type 2} Helicopters: 5

Significant Progress

Cooperation between hard working firefighters and complimentary weather conditions contributed to the significant progress made today on containment of the 103 Fire. By the end of the day shift, ninety percent containment of the incident had been achieved. The 103 Fire is located 8 miles south of Sierra Vista on Coronado National Forest and Coronado National Memorial lands in the Huachuca Mountains.

The pre-evacuation alerts for residents of Ash Canyon and the homeowners in the subdivision on the northeast flank of the Coronado National Memorial have been lifted.

The 61 Road from the entrance to the Coronado National Memorial to the junction with Forest Service Road 48 remains closed to through traffic. Motorists traveling on State Route 92 should exercise caution and maintain an appropriate speed in anticipation of fire traffic.

Wednesday, firefighters will continue to mop-up containment lines and monitor fire activity on the interior of the fire perimeter. Resources that are no longer needed will be released from the incident beginning tomorrow.

For more information, please call **(520) 366-5508** and direct your call to the Public Information Officers. The Information station adjacent to the helicopter base on State Route 92 in Hereford, AZ, is staffed from 9 a.m. to 4 p.m. daily, throughout the incident.

**Additional contact numbers are: Jonetta Holt, (520)-400-1007
Peter D'Aquanni, (505)-429-1060**
